## Site Overview

This web application aids CNMS students and advisors in the advising registration process. PHP forms collect all necessary information from users and allows them user to filter, edit, and join advising appointments.

I want to find an appointment starting between...

month: day: year:  
December 1 2016

...and

month: day: year:  
December 31 2016

I want the appointment to start on or after...

hour: minute: AM/PM:  
08 : 00 AM

...and end before

hour: minute: PM:  
09 : 00 PM

who do you want to meet with?

☒ Ms. Michelle Bulger ☒ Mrs. Julie Crosby  
☒ Ms. Christine Powers ☒ CNMS advisors

## Student Experience

When students create an account they enter all relevant information, including their major, post-UMBC plans, and concerns. Students can filter and join specific appointments.

## Advisor Experience

Once advisors sign in they can create an appointment or view existing appointments. After filtering appointments they can edit or download information about existing appointments.
